### HERBALIFE ENGAGED WITH CLOUD SHINE – PROCES FLOW

- Herbalife partnered with us to train their in-house team of 100 members on Oracle Fusion HCM and Finance modules. The goal was to enhance their implementation capabilities and improve overall efficiency.
- We segregated the existing team of 100 resources into 20 resources for each of the 5 modules Fusion SCM, HCM, Finance/Manufacturing/Procurement, and give them back as implementation consultants.

### FINAL OUTCOME:

- The 100-member in-house team gained expertise in Oracle Fusion HCM and Finance modules, enabling them to implement solutions effectively.
- The team became self-sufficient in implementing Oracle Fusion solutions, reducing reliance on external consultants and improving overall efficiency.
- Herbalife achieved significant cost savings by reducing the need for external consulting services.
- The skilled in-house team provides a strategic advantage to Herbalife, enabling them to make informed decisions and drive business growth.
